2. COMMANDING OFFICERS REMARKS - REMARQUES DU COMMANDANT. The training year 1979-80 was marked by an increase in the number of Officers and Instructors and also by an increase in the number of Cadets and activities. 2. The Annual Cadet Mess Dinner brought over 70 Cadet Officers, N.C.O.'s and guests to dine in the Great Hall. At this time the Smith Trophy, emblematic of the best Cadet Unit of all element in the Niagara Region, was presented to the Corps. 3. The "4th Dimension" training week was a great success once again. This outing involved over 300 Cadets whose activities included a citizenship tour, survival training, leadership training, a 10 day trip to Baffin Island and a special group who explored a variety of Military activities. The Commanding Officer wishes to state in this report, the appreciation of the College for the excellent support and guidance received from C.F.B. Toronto and the Area Cadet Staff in this and the many other exercises carried out during the training year. See attached page.

3. SPONSORS REMARKS - REMARQUES DU RÉPONDANT I have observed the increased activity of the contingent, and the expanded support of the School Faculty with considerable appreciation. I believe that the contingent is embarked upon constructive and diversified training programmes, which are of enormous benefit to the students. The leadership of Major Rose, over the last three years, has been of inestimable benefit to the Unit, since he has brought administrative efficiency, imaginative leadership and considerable military experience to bear upon a period of expansion in the activities of the contingent. In the process, he has trained Cpt. Lewis to succeed him in the continuing development of our Cadet activities. I thank Major Rose for an outstanding contribution.

Commanding Officers remarks continued

4. Many of the required military training activities such as map reading and compass using, have been integrated into the school curriculum where they match or surpass the requirements laid down in the training syllabus. In addition to the required military training, the Corps also offers the following activities:

- a) Band
- b) Royal Life Saving
- c) Rifle Team
- d) Wood Technology
- e) Communications
- f) Scuba
- g) Photography
- h) Field Craft (camping, canoeing)
- i) Driver training
- j) Flying training
- k) Equestrian Unit
- l) Dramatics Unit

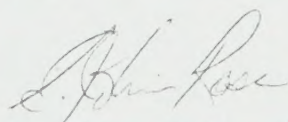

Activities added this year include:

- a) "Red Star Unit" A special group interested in enriched training in military areas.
- b) A course in book binding
- c) An Art Appreciation group
- d) A Computer Programming Unit
(some interesting tactical projections can be achieved)

5. The Corps continues to make it mandatory for each boy to know how to swim, to take a St. John's Ambulance First Aid course and to be involved in the D.of E. Awards Programme.

6. Perhaps the Corps' greatest achievement is that it remains a closed Corps which involves every student in the school and must therefore offer something which each Cadet will see as a positive value. It would be easy to maintain one or two platoons of interested students, but we feel that the aim of the Cadet movement, "to make better citizens", is a noble aim and one to which every student should be exposed. The fact that our "Esprit de Corps" is strong and continues to grow with every passing year, is an indication of the support we receive from Instructors and Cadets.

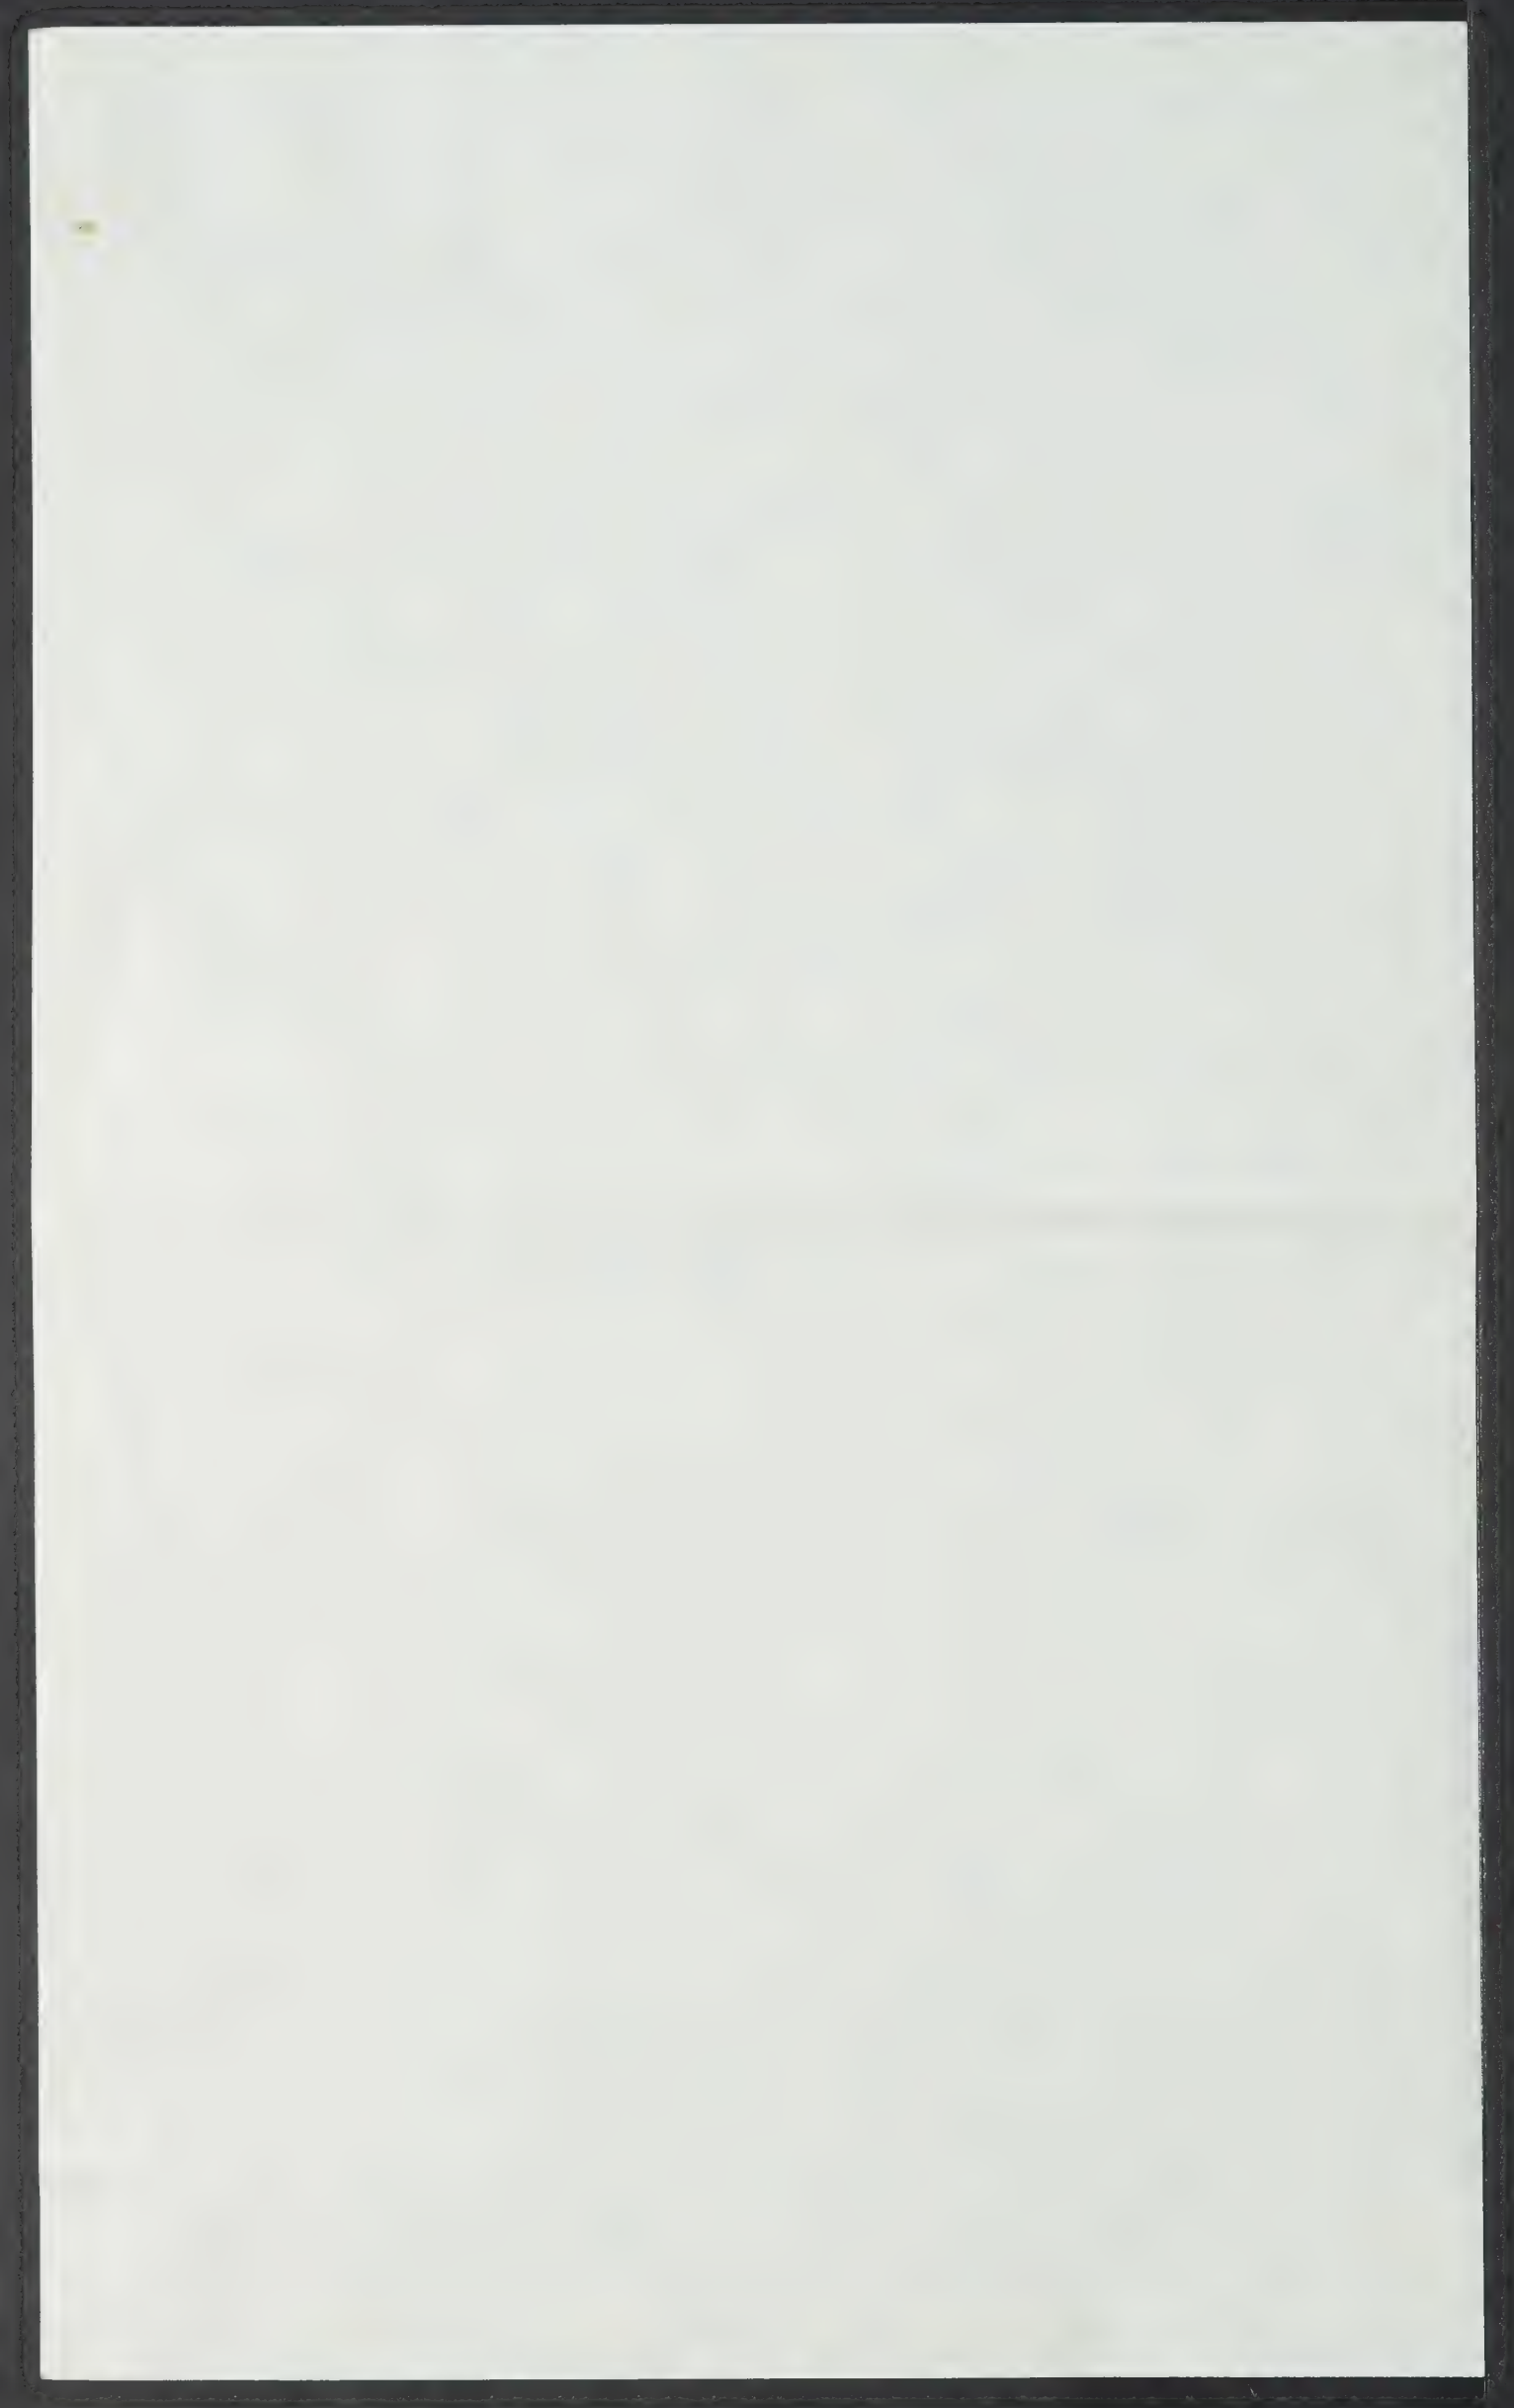

7. As the outgoing Commanding Officer of what I consider to be one of the finest Cadet Corps in Canada, may I thank you for the privilege of serving so many fine young men and women, and for the opportunity to work with such dedicated and hardworking instructors.

E. John Rose, Major
Commanding Officer

1. The Training Year 1979-1980 was marked by an increase in the number of Officers and instructors and also by an increase in the number of Cadets and activities.
2. The Annual Cadet Mess Dinner brought over 70 Cadet Officers, N.C.O.'s and guests to dine in the Great Hall. At this time the Smith Trophy, emblematic of the best Cadet Unit of all elements in the Niagara Region, was presented to the Corps.
3. The 4th Dimension training week was a great success once again. Re: Cadets

1. Regarding the proposed flypast by 'Ridley' airplanes
Mike Deere of Flying Club has made all tentative arrangements for a repeat of 1979 parade (all regulations will be observed)
(students will not be flying, it is a training flight and one of about 40 that they normally do to collect hours)

Do you see any impediment?

2. Tea after the Parade: I have not contacted dining room yet but will do so shortly.

I suggest the possibility of having the Ebram Brass attend that tea also for a short while at least (Cadet Officers are still 'on display' so to speak)

then, with your permission, adjourn to your House for a quick one after.

3. Before the parade, I have offered your House to Col. Marcon, when he arrives about 11.00 a.m. to change and get ready to review the Honour Guard

Then I will take him up to Lower School at 11;30 for lunch by Guild

Do you see any problems; and, if there is anything else I need to know about such things, please let me know

Thanks

2. COMMANDING OFFICERS REMARKS - REMARQUES DU COMMANDANT

The Training Year 1978-79 saw an increase in the number of participating cadets, number of Officers and Instructors and number of activities offered to the Cadets. The year began with a Mess Dinner in the Great Hall at which the Independent Schools Trophy was presented.

In addition to military subjects, the following special activities took place:

1. A week long training session (Fourth Dimension) which involved 300 cadets. These activities ranged from a citizenship tour of Ottawa via R.M.C. for 1st phase cadets; "Operation Candalore", a week of seamanship, survival techniques and bushcraft for 2nd phase cadets; and a week of leadership training by a professional group for 3rd phase cadets.

3. SPONSORS REMARKS - REMARQUES DU RÉPONDANT

It has been exciting and encouraging to watch the diversification of activities that is being achieved by the Cadet Programme at Ridley College. This is due to the leadership of officers and cadet officers. Emphasis has been placed on safety training and precautions; but this has not diminished the opportunities for a display of initiative and enterprise. Particularly, I commend the Commanding Officer for his energetic leadership and tireless attention to detail.

2. COMMANDING OFFICERS REMARKS — REMARQUES DU COMMANDANT

This year the Corps continued to emphasize character building and outdoor programmes. In addition to the standard training subjects an excursion week was added which incorporated Duke of Edinburgh Subjects and mandatory Cadet Subjects. This experiment was most successful and will be repeated in the next training year. The Communications section was provided with spacious new quarters and an equestrian unit trained in Hamilton with hopes of providing a new dimension at Annual Inspection. It is the wish of the equestrians to form a stronger unit next year and get an earlier start on week-end training. Fifty Cadets received Emergency First Aid Certificates, fifty-five took Driver Training and thirty-three fired FNs at the Niagara range. (Continued on page 2)

2. COMMANDING OFFICER'S REMARKS - REMARQUES DU COMMANDANT

The Corps has continued to increase its involvement in expedition training and related exercises. This year, in addition to the usual expeditions, a survival course has been initiated with hopes of expansion next year. The winter survival phase this year met with great success both in the lecture room and in the field.

The rifle range has also been more active and a rifle team is in the process of being built which we hope will come to fruition next year. This year has also seen the formation of a more active drill team and communications section.

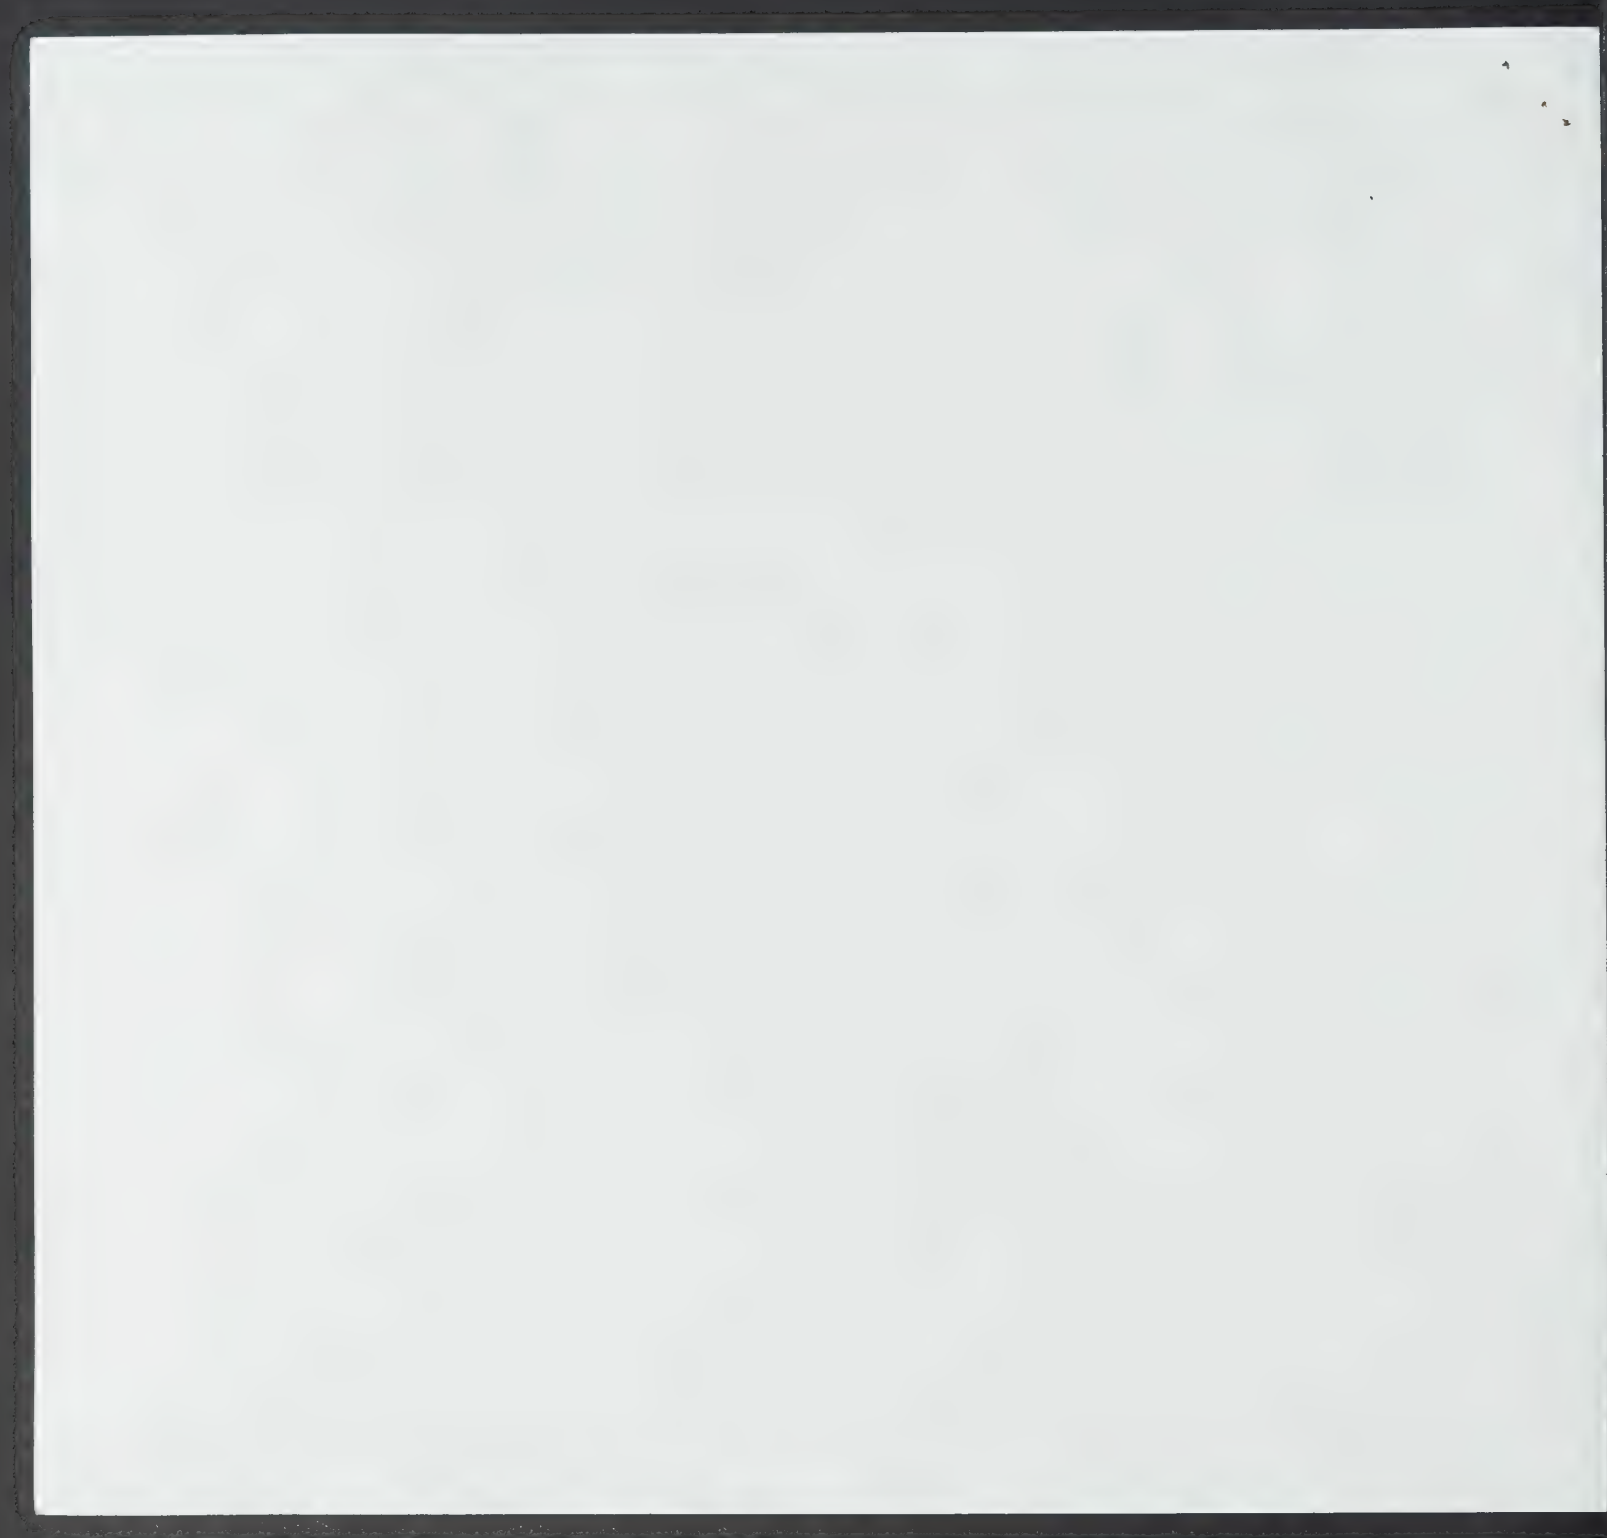

Ten cadets received their Bronze Medallion from the Royal Life Saving Society and are to be commended for the many hours of extra work needed for this award. (Cont'd. on page 2 attached)

ON PARADE PRÉSENTE	11				22	50
IN UNIFORM EN UNIFORME	4					1/2

REMARKS - COMMENTAIRES

PERSONNEL & ORGANIZATION - PERSONNEL & ORGANISATION

All students at Hillier College are cadets. Cadet activities occur at the college on 4 nights of the week. The unit CO audited the CCO in Jul 60 in order to bring himself up to date in procedures. This corps was the best corp of any element in the Niagara Peninsula in 70/60.

ADMINISTRATION

Administration is rated a high above average. The CO completed the majority of admin work. Some returns and reports have been late and not as accurate as required, i.e., letter of intent.

11

SUPPLY - APPROVISIONNEMENT

Supply functions well with few problems. The item and inventory control require more work.

11

TRAINING & ACTIVITIES - INSTRUCTIONS & ACTIVITÉS: The following activities have been observed: photography, rifle shooting, woodwork and leather craft. This corps recently completed a very ambitious week long series of exercises. The corps also has many cadets who are working towards the title of Wilmberough Gold award.

Dear Mr. Green:

RE: PHILLIP C. CALDWELL TROPHY

With reference to your query to this office, please be advised that 162 RC (Army) CC achieved the highest Efficiency Rating of all cadet corps located in the Niagara Peninsula for the 1979-80 training year.

The corps is located at Ridley College, St Catharines. The Commanding Officer is Major Ernest J. Rose. Major Rose may be contacted at 684-8193 (business) or 682-8152 (residence).

Yours very truly,

R.L. Hamilton

P. Lewis

Paul,

One, thank you for the information concerning the Army subsidy. I would be delighted to write after the event, if you would indicate a recipient!

Two, congratulations on being out-gunned by Appleby.

Three, thank you for your cooperative response to my request concerning World Religions.

R.A.B.

COMMANDING OFFICERS REMARKS - REMARQUES DU COMMANDANT

The training year 1979/80 was marked by an increase in the number of officers and instructors and also by an increase in the number of cadets and activities. The Annual Cadet Loss Dinner brought over 70 Cadet Officers, NCOs and guests to dine in the Great Hall. At this time the 14th Troop, emblematic of the best Cadet Unit of all elements in the Niagara Region, was presented to the corps. The '4th Dimension' training week was a great success once again. This outing involved over 300 cadets whose activities included a citizenship tour, survival training, leadership training, a 10-day trip to Baffin Island and a special group who explored variety of military activities. The Commanding Officer wishes to state in this report, the appreciation of the College for the excellent support and guidance received from CFB Toronto and the Area Cadet Staff in this and the many other exercises carried out during the training year.

Major T. John Rose	7 May 80	

SPONSORS REMARKS - REMARQUES DU RÉPONDANT

I have observed the increased activity of the contingent, and the extended support of the school faculty with considerable appreciation. I believe that the contingent is embarked upon constructive and diversified training programmes, which are of enormous benefit to the student. The leadership of Major Rose, over the last three years, has been of inestimable benefit to the Unit, since he has brought administrative efficiency, imaginative leadership and considerable military experience to bear upon a period of expansion in the activities of the contingent. In the process, he has trained Captain Lewis to succeed him in the continuing development of our Cadet activities. I thank Major Rose for an outstanding contribution.

W. A. Bradley, Headmaster	7 May 80	

INSPECTING OFFICERS REMARKS - REMARQUES DE L'OFFICIER INSPECTEUR

I was impressed particularly with the appearance of the entire corps. Steadiness on parade was excellent. The marching was good. The March Pasts were excellent. There were not extensive demonstrations but the records of Duke of Edinburgh awards won and the degree of participation under the program make a major contribution to maintaining interest in the corps.

NAME - NOM	DATE	SIGNATURE
Lieutenant Colonel F.A. Campbell	7 May 80	

COs remarks cont'd

Many of the required military training activities such as map reading and compass using have been integrated into the school curriculum where they match or surpass the requirements laid down in the training syllabus. In addition to the required training, the corps also offers the following activities:

- a. band
- b. Royal Life Saving
- c. Rifle team
- d. wood technology
- e. communications
- f. Scuba
- g. photography
- h. fieldcraft (camping, canoeing)
- j. driver training
- k. flying training
- m. equestrian unit
- n. dramatics unit

Activities added this year include:

- a. 'Red Star Unit' - a special group interested in enriched training in military areas
- b. a course in book binding
- c. an Art Appreciation group
- d. a Computer Programming unit (some interesting tactical projections can be achieved)

The corps continues to make it mandatory for each boy to know how to swim, to take a St John's Ambulance First Aid Course and to be involved in the D. of E. Awards Programme.

Perhaps the corps' greatest achievement is that it remains a closed corps which involves every student in the school and must therefore offer something which each cadet will see as a positive value. It would be easy to maintain one or two platoons of interested students, but we feel that the aim of the cadet movement, "to make better citizens", is a noble aim and one to which every student should be exposed. The fact that our "Esprit de Corps" is strong and continues to grow with every passing year, is an indication of the support we receive from instructors and cadets.

As the outgoing Commanding Officer of what I consider to be one of the finest Cadet Corps in Canada, may I thank you for the privilege of serving so many fine young men and women, and for the opportunity to work with such dedicated and hardworking instructors.

AREA CADET OFFICER: General remarks on training, administration, supply and units progress.

OFFICIER DES CADETS DU SECTEUR: Remarques générales sur l'entraînement, l'administration, l'approvisionnement et les progrès de l'unité.

162 RC(ARMY)CC has had a very successful year. This corps was 0.1% from being the top closed corps in COA in 79-80. All students of Ridley College are cadets.

Administration - The administration area runs smoothly with cadets actively participating in this area.

Supply - The supply area also runs smoothly.

Training - 162 RC(ARMY)CC has a well rounded and varied training plan. The corps produced 6 cadets that qualified for the Duke of Edinburgh Gold Award. The Star level programme has been implemented. The corps has extensive outdoor training. Several cadets have taken LOps courses.

ANNUAL INSPECTION

162 RC(ARMY)CC had the best Annual Inspection of the closed corps in COA in 79-80. The cadet band was excellent. The dress of all cadets was to a very good standard. Many cadets had excellent boots. The first aid demonstration was also excellent.
